Kenny:

I am writing today to thank you and all of the men at Design Electric for the excellent job everyone is doing on the Electrical Equipment Center project at our Goose Creek plant. I have now been at Luck Stone Corporation for over 19 years, and Design Electric has always given us excellent service and a first class electrical installation. It is my pleasure to partner with Design Electric on our electrical projects.

Sincerely,

Billy Williams

Mr. Smith:

Recently your company assisted Luck Stone in a scheduled shutdown at our Leesburg Plant. I understand from our personnel who were involved in the shutdown that Wayne Zeller and his helper did a good job. They worked very well with not only our people, but Avis Electric, who was also working on the project.

I would like to thank you and your people for a job well done.

Respectfully,
