Design Telecommunications  
Lee Morris  
Project Manager  
1123 East Market Street  
Charlottesville, VA 22901

Dear Mr. Morris:

I would like to express my gratitude for the high level of professionalism and commitment demonstrated by your Design Telecommunications team during the Cricket Removal Project. I was impressed with the removal of commercial power as well as the disposal of all equipment and the close out packages. Your team was able to maintain a fast pace schedule without hindering the operation of Dominion Virginia Power and other tenants that were also located on the property. Coordinating the removal of the carrier's fiber equipment, fences, platforms and landscaping were unproblematic. I am very pleased with the crew's attentiveness and professionalism on this project.

I really appreciate the extra effort put forth by the Design Telecommunications team and hope to utilize your organization again for future work.

Thanks again,
